

setThread_id

```
graph LR; ConversationLine[ConversationLine] --> setThread_id[setThread_id];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'setThread_id'. The box on the right is white and contains the text 'ConversationLine'. A blue arrow points from the right side of the 'ConversationLine' box to the left side of the 'setThread_id' box.
